How much we raise in the next few hours will determine our success in 2018. Here's what's at stake:

- **The Arctic National Wildlife Refuge** -- which Trump and Congress want to open to oil drilling.
- **Keystone XL** -- the destructive, dirty oil pipeline which Trump approved.
- **Our climate** -- which Trump threatened by deciding to withdraw from the Paris Climate Agreement and proposing to repeal the Clean Power Plan
- **Bedrock environmental laws like the Endangered Species Act** -- which Congress wants to weaken.

Don't sit this one out. [\*\*Renew your support before midnight -- and your gift will be 5X MATCHED.\*\*](#)

Sincerely,

Michael Brune  
Executive Director  
Sierra Club
